Letter from Our Chairman of the Board

OPPORTUNITY...a set of circumstances that makes it possible to do something. Your Chamber, the West Shore Chamber of Commerce, provides many OPPORTUNITIES to our members through networking, education and informational activities. At the core of informational activities are our Committee meetings. Several of our Committees serve to support operations or major events within the Chamber such as Membership, Golf and B&I; other Committees such as our Government Affairs and Transportation/Economic Development Committees provide information relative to important factors affecting our businesses, community and even our personal lives.

Recently, Mike Gossert, Quandel Construction Group, Inc., Vice President and President of the Cumberland Valley School Board, provided insight into current issues affecting the Cumberland Valley (CV) School District and how the District is customizing its program offerings to meet the needs of an ever-changing education system. Students learn at varying paces, thus CV continues to provide educational offerings that challenge those that are willing to do more or who are interested in non-traditional educational offerings. Programs such as JROTC, college classes and trade programs are available to meet the wants of our youth and our ever-changing labor force needs.

The JROTC program has grown to over 150 students, and during the recent CV graduation, several students, in addition to receiving their high school diploma, received an Associate's Degree from a local college or university. These students are being given OPPORTUNITIES and they are taking advantage of them to further their education. In doing so they are likely saving their parents thousands of dollars in tuition, a value-added service being provided by CV School District.

As with the educational opportunities afforded the students at CV, the West Shore Chamber of Commerce provides OPPORTUNITIES for its members to advance their knowledge of business, legislative and community issues affecting them. Whether it is legislation that might affect their health care offerings, medical marijuana that might affect their HR policies, or transportation projects or funding that might impact their opportunity to grow their business, our Committees provide OPPORTUNITY to you. Why not take advantage of the OPPORTUNITY our committees provide you? You just might realize circumstances that make it possible to "do something" GREAT!!!

~ Jamie Keener of Herbert, Rowland & Grubic Inc.

2018 Membership Directory

Has your business information changed over the past year? Update your company information through the member login portion of our website by September 15th to ensure your business listing is correct for the 2018 Membership Directory. Questions? Call the Chamber office at (717) 761-0702. An email reminder followed by a letter will be sent to the main contact on the profile. If we don't hear back from you by September 15th with any corrections your listing will print as is.

The West Shore Chamber of Commerce Membership Directory is an annual publication in which 1,500 print copies are distributed to Chamber members, community members and debuted at our Annual Meeting & Luncheon in December. A digital version of the directory is also hosted on the main page of our website. All ads purchased in the Membership Directory are hyperlinked to your company's website, telephone numbers, and any email addresses in your advertisement; creating double exposure for you year-round! Contact Krystin at krystin@wschamber.org or (717) 761-0702 to reserve your 2018 Membership Directory Ad. There are still options available so you can grow your business!

The summer swelter has arrived as temperatures and humidity rise. This increases health risks as you work and play outside, especially for older people and young children. Excessive heat can cause several health problems including heat exhaustion. Move an affected person to a cooler location, apply cool wet cloths to their body, and give them cool water to drink. If the person vomits or refuses to drink, call 9-1-1. Heat exhaustion can lead to heart stroke. For more information please contact a **Patient First** Medical Centers which open 8 a.m. to 10 p.m. every day of the year, including holidays.

Pyramid Construction Services, Inc., a Quandel Enterprises Company, recently completed the 3,500 square-foot, \$65,000 renovation of the former M&T Bank location at 3805 Trindle Road, Camp Hill for the West Shore YMCA. Removal of office walls and a teller area, extraction of a bank vault door and updates to paint and carpet created an open space to be utilized by summer camp groups starting this week. Pyramid is also starting a renovation project for Geisinger Health Systems at 310 East Penn Drive in Enola. The project will renovate leased sections of the building that previously housed a Giant grocery store and convert some of the space to medical offices, the rest of the space will be renovated in the future. The 7,700 sq.ft. project will be complete by the end of September. Work has also begun an addition to the Lamb's Gap Animal Hospital at 1806 Lambs Gap Road in Mechanicsburg. The 17,000 sq.ft. job will include new separate waiting areas for canine and feline patients, four new exam rooms, a veterinarian's office space and an employee lounge. The construction is slated to be finished by the end of September.

As part of a broad strategic plan to remain on the leading edge of financial and wealth advising, **Roof Advisory Group** recently brought on Miranda Metz to join the firm in the role of Director of Marketing and Communications. This growing firm has made an investment in proactive marketing and communications efforts by filling this position with Ms. Metz, who has 15 years of experience working in the communications industry for both advertising agencies and independent businesses. Her skills will be used for all areas of marketing, communications and growth opportunities as Roof Advisory Group seeks to continue to grow its market share via and update its branding.
