Are you a community member looking to celebrate a new location, milestone, anniversary, etc?
We can help! The Chamber will come out to perform a ribbon cutting for your business and will:

PROMOTE YOUR EVENT! We will send out an emailed invitation to elected officials and Chamber VIPs to invite them to your event.

CONNECT YOU with Chamber members who offer services such as catering, photography, balloons, signs, and other details. We will provide you with contacts at your request.

CUT THE RIBBON with our Chamber's ceremonial scissors and take pictures of the event to share out in a press release to the media.

SHARE photos of your event in a press release to the media, but we can't guarantee publication. If you become a member, we would be happy to share them in social media posts tagging your company pages.

We ask for at least 3-4 weeks notice <u>after payment</u> to schedule the ribbon cutting and maximize attendance. This will allow us enough time to plan the event and notify/invite attendees.

While the Chamber will extend the invitations mentioned above, we strongly encourage you to promote the event to increase attendance and awareness of your business's celebration. You should also consider inviting your business partners, financiers, contractors, employees, customers, friends, and family to be with you to celebrate this momentous occasion in your business's history. Please understand that you should not rely solely on the Chamber to attract your audience.

Please fill out our **Ribbon Cutting Reservation Form on our <u>website here</u>** so we can reach out to you about the investment and final details.
